WORK EXPERIENCE

Web Developer and Designer Bibhuti Solutions

11/2022 - 09/2023

Kathmandu, Nepal

Achievements/Tasks

- As a Full Stack Developer, I proficiently utilized PHP, Laravel, AJAX, JavaScript, Bootstrap, and MySQL to create dynamic web applications. Additionally, I excelled in building and managing WordPress sites, ensuring optimal performance and user experience. Moreover, my skills extended to graphic design, where I demonstrated expertise in Photoshop to create visually compelling graphics and user interfaces. This diverse skill set allowed me to deliver comprehensive solutions that seamlessly blended functionality with captivating design.

Junior Programmer Deft tree

09/2022 - 11/2022

Kathmandu, Nepal

Achievements/Tasks

- As a WordPress Developer and Site Manager, I specialized in crafting dynamic and visually appealing websites using the WordPress platform. This role honed my ability to create and maintain robust, user-friendly websites that effectively met clients' needs.
- As a Graphic Designer, I specialized in creating visually engaging and impactful designs using industry-standard tools like Adobe Photoshop. I demonstrated a keen eye for detail, a strong sense of aesthetics, and the ability to translate client requirements into compelling visual solutions.
